

www.MallorcaGolf.Info

Elmar Schreiber the founder of MallorcaGolf.Info, whose objective is to evaluate all golf courses on Mallorca on a monthly base with his team, has presented Club de Golf Alcanada with the prize:

„Best Improved Golf Course in 2005/2006“.

After each review Mr. Schreiber gets in touch with the course officials to discuss changes in the evaluation and also posts interesting news, projects and upcoming improvement works of each course on his website.

The site gives golfers abroad the chance to better plan a short visit to the island and to help them make the best decision about which course to play.
